Morocco eVisa Document Checklist

Tick every box before you apply. Most refused applications fail on one of these points, and every one of them can be fixed before you pay.

1. Passport

- ☐ It is an **ordinary passport**.
- ☐ It is valid for **more than 90 days on the day you apply**, and for your whole stay in Morocco.
- ☐ You will travel on **this same passport**. The eVisa is linked to the passport number you apply with. If your passport is due for renewal, renew it first.
- ☐ The photo page is undamaged and fully readable.

2. Scan of the passport photo page

- ☐ In **colour**, not black and white.
- ☐ All **four corners** of the page are visible.
- ☐ The **two machine-readable lines** at the bottom are sharp and complete.
- ☐ No glare, shadows or blur. Scan it flat rather than photographing it at an angle.

3. Personal photo

- ☐ Any **recent, clear photo of your face** works: a phone photo or a selfie is fine.
- ☐ No need to resize or convert it: JPG, PNG, HEIC and WEBP files of up to 20 MB are accepted. We adjust it to the official portal's rules (a recent photo that meets ICAO standards, as a JPEG of up to 1 MB).
- ☐ Turn off filters and beauty mode. Details: Morocco visa photo requirements.

4. Supporting document (only if your nationality requires one)

Some nationalities can apply with a passport alone. Others need a valid visa or residence permit from an accepted country. **Check your nationality at evis.ma/en/countries.**

If you need one, you must hold **one** of these:

- ☐ A **multiple-entry visa** from the Schengen Area, the United States, the United Kingdom, Canada, Australia, New Zealand, Japan or Ireland, valid for **at least 90 days from your arrival date** in Morocco.
- ☐ A **residence permit** from an EU country other than Cyprus, the United States, the United Kingdom, Canada, Australia, New Zealand, Japan, Norway, Switzerland or the UAE, valid for **at least 180 days from your arrival date**. Among Gulf countries, only a UAE residence permit is accepted.

Also check:

- ☐ It has not expired, and it still has enough validity counted from your **arrival date**, not your application date.
- ☐ You uploaded **both sides** of the residence permit card.

5. Your application details

- [ ] Name, date of birth, passport number and nationality are typed **exactly as in your passport**. One wrong character is enough to cause a refusal.
- [ ] Your travel dates are correct.
- [ ] Each traveller, including children, has **their own application**.
- [ ] Travelling for business? The portal asks for **one business document**: an invitation letter from a Moroccan company, a meeting confirmation, or a business cooperation or partnership document.

6. Payment

- [ ] Your application is only submitted once the **payment is complete**.
- [ ] If you are not sure the payment went through, **check your application status before paying again**, so you don't pay twice.
- [ ] A paid application can't be cancelled, so review every detail before you confirm.

7. Processing time

Option	Processing time
Standard	1–3 business days
Urgent	1 business day

Weekends and Moroccan public holidays are not business days. Apply at least **1–2 weeks before your trip** if you can.

8. When your eVisa arrives

- [ ] It arrives **by email**. Check your spam folder too.
- [ ] **Print it** and carry it with your passport.
- [ ] Remember the three numbers:

180 days
Valid for 180 days from the date it is issued. This is your window to arrive.

30 days
The maximum stay, counted from the day you enter.

1 entry
Single-entry. Once you leave Morocco, it is used up.

9. At the border

- [ ] Carry your passport, your printed eVisa and your supporting document (if you used one).
- [ ] An approved eVisa does not guarantee entry. The border officer makes the final decision.

Check the latest rules for your passport: evis.ma/en/countries
Ready to apply: evis.ma/en/apply

Rules can change. This checklist was last updated in October 2026. evis.ma is a private visa-assistance service.
